

Wharf Sawn Face Hardwood

Spotted Gum

(Ship Lap profile shown)

Spotted Gum is a premium Australian hardwood famous for its luxury appearance and high degree of natural strength, durability and fire resistance.

Stagwood is produced to suit residential, commercial and government building applications. Its attractive grain and colour palette is a favourite of architects, designers and owners alike.

Grade: Organic. Stagwood Organic celebrates Spotted Gum's intrinsic and highly prized qualities by offering a natural selection of grades including very straight to wavy dense grains and features all in a luxurious colour palette.

Tone: Soft cherry tones to deep rich burgundy.

Texture: Dense grain with a soft, mottled effect.

Botanical names: *Corymbia Citriodora*, *Corymbia Henryi*, *Corymbia maculata*

Durability: Class 1 High (above ground) 40+ years

Strength Group: High (SD2 Seasoned)

Hardness: Very Hard (Janka 10.1)

Density: 990 – 1180Kg/m³

BAL Rating AS3959-2009: BAL 29

Termites: Resistant

Stagwood (Howard Sawmill) proudly complies with the requirements of AS 4707 – Chain of Custody for Forest Based Products. All information is correct at time of printing but may be subject to change. Please check with your account representative or email info@citytimber.com.au
