

Chestnut Flooring

VIC and NSW grown, the natural attributes include tiny gum pockets, gum veins, insect tracks, tight knots, borer holes and tracks, brown stains, black spots and ambrosia. A classic choice making space unique, alluring and magical with distinct boards.

A more clean, unblemished and clear board that creates a close to pristine, perfect and premium ambience than its counterpart with similar yet smaller natural qualities. It grasps attention in any interior environment. Flourished in VIC and NSW.
