

Spotted Gum Set Length Decking

Stagwood Spotted Gum Decking is produced to suit any home, business and creative space.

The species is a premium Australian hardwood famous for its luxury appearance, high durability and natural strength. It beautifully enhances a backyard, outdoor entertainment and alfresco dining area.

Its attractive grain and colour palette fits architects, owners and designers aesthetics showcasing style, elegance and sophistication uniformly or differently.

Grade: Organic. Stagwood Organic celebrates Spotted Gum's intrinsic and highly prized qualities by offering a natural selection of including very straight to wavy dense grains and features all in a luxurious colour palette.

Tone: Varied, and dark colour palette, typically featuring medium to deep chocolate browns, warm tan, and occasional red-brown hues.

Texture: Dense grain with a soft, mottled effect.
